

Montagny 1er Cru Vignes Longues

The Montagny 1er Cru from Janots & Bos is a fantastic full-bodied wine every year, often considered by experts to be comparable to Meursault or Puligny. This is due to its fullness, along with many other aromas and flavours resembling wines from those villages: acacia, hawthorn blossom, hazelnut, white peach, pear—all in a beautifully harmonious whole.

The nose is highly floral, evoking a meadow full of flowers. On the palate the wine is soft but full and elegant with very pleasant mild acidity. Alongside the floral notes a lot of yellow fruit emerges. This is a refined wine with a subtle peppery note and a touch of saltiness. The finish is long and soft. It's an ideal aperitif wine.

Serve the wine at a temperature of 12 to 14 degrees.

Wine Pairing

A lovely wine for fish or seafood dishes thanks to its salty notes and floral character with freshness. Also perfect as an aperitif.
